

To support the audio community during the pandemic, NUGEN Audio have made available temporary replacement licenses for existing owners without access to their plug-ins.*

Alongside this, NUGEN is sharing some useful tips and techniques for adapting to a different workspace and staying creative whilst staying home.

In response to the financial difficulties that many people are experiencing as a result of the Covid-19 pandemic, all NUGEN products are available at a 20% price reduction until May 20th 2020.

*Currently available for Halo Downmix, Halo Upmix, ISL (v1 and v2), LM-Correct (v1 and v2) and VisLM (v1 and v2)
